

SCREENSHOTS OF WORKING CASE STUDY

1. fdk extension preview

Private Fynd extension running locally using FDK preview.

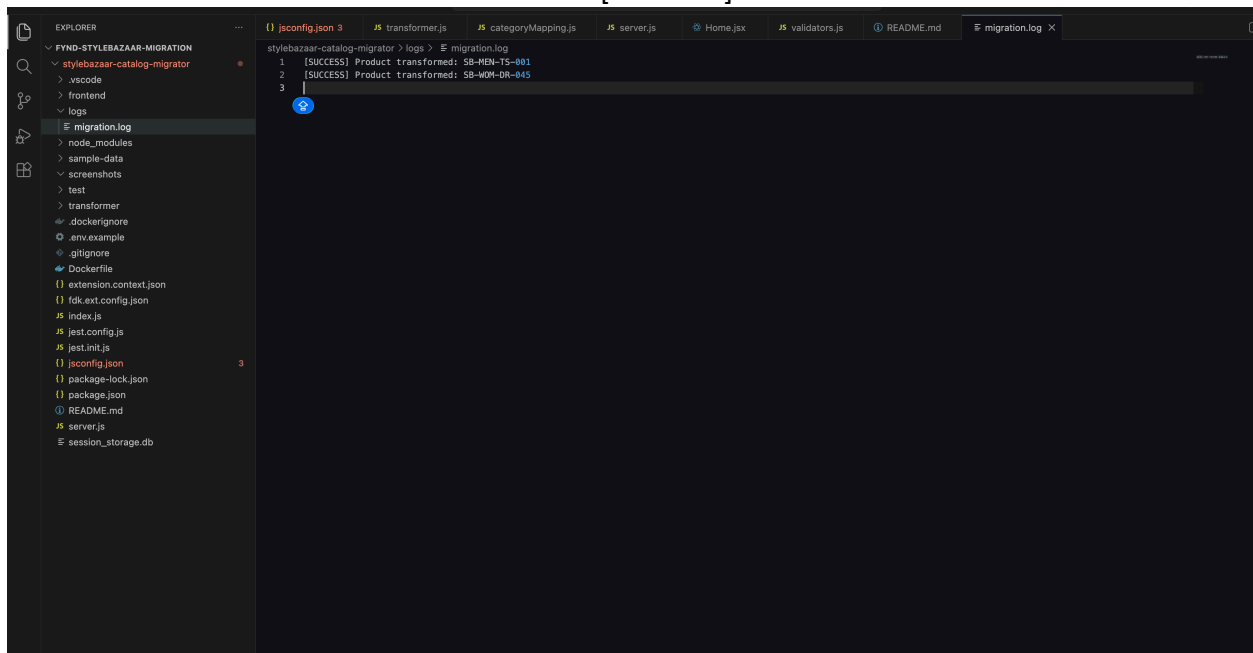

The screenshot shows a terminal window titled "stylebazaar-catalog-migrator — esbuild • node /usr/local/bin/fdk extension preview — 120x30". The terminal output displays the following sequence of events:

```
/assets/loader.gif.  
If you intend to use the URL of that asset, use /assets/loader.gif?url.

2. Product transformed: SB-MEN-TS-001 [SUCCESS]

The screenshot shows a VS Code editor window with the Explorer sidebar on the left and the migration.log file open in the main editor. The Explorer sidebar shows the project structure for "FYND-STYLEBAZAAR-MIGRATION", including folders like .vscode, frontend, logs, and files like migration.log, node_modules, sample-data, screenshots, test, transformer, .dockerignore, .env.example, .gitignore, Dockerfile, extension.context.json, fdk.ext.config.json, index.js, jest.config.js, jest.init.js, jsconfig.json, package-lock.json, package.json, README.md, server.js, and session_storage.db.

The migration.log file contains the following log entries:

```
stylebazaar-catalog-migrator > logs > migration.log  
1 [SUCCESS] Product transformed: SB-MEN-TS-001  
2 [SUCCESS] Product transformed: SB-WOM-DR-045
